6. A motor column seen on the Buchholz (N 54/J 23)-Roebel road at 2 p.m. on 7 September consisted of 4 vehicles towing 50-mm AT guns, 4 amphibious vehicles, [redacted] and 45 sidecar motorcycles occupied by troops who wore red-bordered black epauletts including some with artillery insignia. A resident of Buchholz stated that motor columns have been moving daily from the area south of Buchholz toward Roebel since 3 September. These columns included tanks, AT guns, heavy mortars, armored personnel carriers, trucks and amphibious vehicles. A field exercise observed by source in the area north of Solzow involved 80 to 90 tanks driving in several formations. (6)

[redacted] Comments.

- (1) [redacted] The troops, who entrained, probably belong to one of the headquarters units of the Fourth Gds Mecc Army which are stationed in the Schuetzen Kaserne. [redacted] 25X1

[redacted] belong to the 312th Gds RL Regt

(5) [redacted]

- (6) [redacted] The Buchholz-Roebel area adjoins the Wittstock maneuver area to the north. It is possible that components of the 18th Mecc Div from the maneuver area may have practiced there, as is also indicated by the motor column traffic from the area south of Buchholz.
